Food allergy information: Southland Ministries understands the needs of food-allergic campers. The dietician is able to safely and reasonably guide and accommodate campers. Food allergies that are life-threatening will be managed by our kitchen staff. We cannot, however, accommodate for dietary preferences. In these cases, we ask that the parent/guardian send, with the camper, a cooler/container filled with the foods needed for his/her time at camp. We will be happy to allow the sponsor to help your camper with his/her needs in these areas. Thanks you for your cooperation in this matter.

I understand that every effort will be made to contact parents or guardians of campers. In the event I cannot be reached, I hereby give permission to the physician selected by the camp director to hospitalize, secure proper treatment, order injection, anesthetize or perform surgery deemed necessary for my child. I affirm that the medical information on this form is complete and correct. I give permission for my camper to be included in any photo, recorded images or any other transmission or reproduction for the purpose of Southland Ministries promotion.
